

THE NEW STATE OF DELAWARE REGULATIONS MANAGEMENT SYSTEM

RMS Go-LIVE - May 19, 2025!

After the previous delay, the State of Delaware is preparing to go live on May 19 with the new web-based regulations management system (RMS) for state agencies to create, edit, submit, and maintain regulations - securely and efficiently.

Agencies will be able to access RMS starting May 19 for the creation of submissions for the July 1, 2025 issue of the *Register*. Access information will be provided.

Contact the Office of the Registrar of Regulations at the Division of Legislative Services today if your Agency contact information has changed so we can keep you updated!

Please note: A new edition of the *Delaware Administrative Code Drafting and Style Manual* will be available on the <https://regulations.delaware.gov> website at that time.

The State of DE Regulations Management System

Go- LIVE Rescheduled

**Going Live
May 19, 2025**

**Efficient Regulation
Drafting, Submission,
and Review**
