SUMMARY OF PROPOSAL

The purpose of this notice is to advise the public that Delaware Health and Social Services (DHSS)/Division of Medicaid and Medical Assistance (DMMA) is proposing to amend Title XIX Medicaid State Plan regarding chiropractors' services, specifically, to allow coverage guidelines for treatment more consistent with the licensure scope of practice for chiropractors.

Statutory Authority

- §1905(g) of the Social Security Act, State plan provision of chiropractors' services
- H.R. 6, the Substance Use-Disorder Prevention that Promotes Opioid Recovery and Treatment for Patients and Communities Act (SUPPORT Act)

Background

In May of 2014, the Center for Medicaid Services (CMS) approved the Delaware Health and Social Services (DHSS) / Division of Medicaid and Medical Assistance (DMMA) Alternative Benefit Plan (ABP) with an effective date of January 1, 2014. The ABP included benchmarks and benchmark equivalent services reflective of the current Medicaid State Plan. Additionally, DMMA added chiropractors' services to the ABP for this newly eligible low-income adult population. Previously, Delaware's Medicaid State Plan only covered chiropractors' services for children under the authority of 42 CFR §441 Subpart B, Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) of Individuals under Age 21. In May of 2017, CMS approved DMMA's extended coverage of chiropractors' services to all Delaware Medicaid beneficiaries to increase the quality of care and reduce long-term costs of treating chronic pain.

Effective October 24, 2018, the Substance Use-Disorder Prevention that Promotes Opioid Recovery and Treatment for Patients and Communities Act (SUPPORT Act) became public law. This healthcare act outlines national strategies to help address the nation's opioid crisis. As part of the SUPPORT Act, CMS has promoted appropriate opioid prescribing and person-centered pain management. States began strategizing with providers and beneficiaries to increase non-opioid treatments and technologies to help treat acute and chronic pain. To that end, DMMA would like to expand the coverage of chiropractors' services to allow coverage guidelines for treatment more consistent with the licensure scope of practice for chiropractors.
