1.0 Definition

The Delaware Student Testing Program (DSTP) shall include the assessments of all students in grades K-10 in the areas of reading, writing and mathematics and the assessments of all students in grades 4, 6, 8, and 11 in the areas of science and social studies. The DSTP shall also include the participation of Delaware students in the National Assessment of Educational Progress (NAEP) as determined by the Department of Education. All districts and charter schools shall participate in all components of the DSTP including field test administrations.

1.1 All students in said grades shall be tested except that students with disabilities and students with limited English proficiency shall be tested according to the Department of Education's Guidelines for the Inclusion of Students with Disabilities and Students with Limited English Proficiency, as the same, may from time to time be amended hereafter.

1.2 The Department of Education shall determine the dates upon which the DSTP will be administered, and will advise the school districts and charter schools of those dates.

2.0 Levels of Performance

There shall be five levels of student performance relative to the State Content Standards on the assessments administered to students in grades 3, 5, 8 and 10 in reading, mathematics and writing and to students in grades 4, 6, 8 and 11 in social studies and science. In reading, writing and mathematics at grades 3, 5, 8 and 10 and science and social studies at grades 4, 6, 8 and 11 the cut points for Exceeds the Standard and Meets the Standard shall be determined by the Department of Education with the consent of the State Board of Education, using advice from a standard setting body. The standard setting body shall utilize a proven method for setting standards on test instruments that utilizes student work in making the recommendation. Beginning with the 2006 assessments, there shall be the same five levels of performance for students in grades 4, 6, 7 and 9 in reading, mathematics and writing. Said levels are defined and shall be determined as follows:

2.1 Distinguished Performance (Level 5): A student's performance in the tested domain is deemed exceptional. Students in this category show mastery of the Delaware Content Standards beyond what is expected of students performing at the top of the grade level. Student performance in this range is often exemplified by responses that indicate a willingness to go beyond the task, and could be classified as "exemplary." The cut points for Distinguished Performance shall be determined by the Department of Education.

2.2 Exceeds the Performance Standard (Level 4): A student's performance in the tested domain goes well beyond the fundamental skills and knowledge required for students to Meet the Performance Standard. Students in this category show mastery of the Delaware Content Standards beyond what is expected at the grade level. Student performance in this range is often exemplified by work that is of the quality to which all students should aspire, and could be classified as "very good." The cut points for Exceeds the Performance Standard shall be determined by the Department of Education, with the consent of the State Board of Education.

2.3 Meets the Performance Standard (Level 3): A student's performance in the tested domain indicates an understanding of the fundamental skills and knowledge articulated in the Delaware Content Standards. Students in this category show mastery of the Delaware Content Standards at grade level. Student performance in this range can be classified as "good." The cut points for Meets the Performance Standard shall be determined by the Department of Education, with the consent of the State Board of Education.

2.4 Below the Performance Standard (Level 2): A student's performance in the tested domain shows a partial or incomplete understanding of the fundamental skills and knowledge articulated in the Delaware Content Standards. Students who are Below the Performance Standard may require additional instruction in order to succeed in further academic pursuits, and can be classified as academically "deficient." The cut points for Below the Performance Standard shall be determined by the Department of Education, with the consent of the State Board of Education.

2.5 Well Below the Performance Standard (Level 1): A student's performance in the tested domain shows an incomplete and a clearly unsatisfactory understanding of the fundamental skills and knowledge articulated in the Delaware Content Standards. Students who are Well Below the Performance Standard have demonstrated broad deficiencies in terms of the standards indicating that they are poorly prepared to succeed in further academic pursuits

and can be classified as “very deficient.” The cut points for Well Below the Performance Standard shall be determined by the Department of Education, with the consent of the State Board of Education.

3.0 Other Indicators of Student Performance

3.1 Local school districts and charter schools may consider other indicators of student performance relative to the state content standards pursuant to 14 **Del.C.** §153(b) when determining the placement of students who score at Level 1 or Level II on a mandated retake of a portion of the DSTP. Pursuant to 14 **Del.C.** §153(d)(2) and 153(d)(12), local school districts and charter schools may also consider other indicators of student performance relative to the state content standards when determining if a student may advance to the next grade level without attending summer school. The only other indicators of student performance that may be considered by a local school district or charter school are: student performance on district administered tests pursuant to 14 **Del.C.** §153(e)(1); student performance on end-of-course assessments; student classroom work products and classroom grades supported by evidence of student work that demonstrates a student’s performance pursuant to 14 **Del.C.** §153(a).

3.2 Any local school district or charter school planning to use other indicators of student performance shall submit the proposed indicators to the Department of Education by September 1st of each year.

3.2.1 Any such submission must include a demonstration of how an indicator of student performance aligns with and measures state content standards and the level of performance required to demonstrate performance equivalent to meeting state content standards.

3.2.2 Any proposed indicators of student performance must be approved by the Department of Education following consultation with the Student Assessment and Accountability Committee and the State Board of Education.

3.3 An academic review committee composed of educators in the student’s local school district or charter school may then determine if a student has demonstrated proficient performance relative to the state content standards using evidence from the other indicators of student performance as approved by the Department of Education.

3.3.1 The academic review committee shall be composed of two classroom teachers from the student’s tested grade, one classroom teacher from the grade to which the student may be promoted, one guidance counselor or other student support staff member and two school building administrators.

3.3.2 The supervisor of curriculum or instruction for the school district or charter school or his/her designee shall chair the committee.

The IIP shall be placed in a student’s cumulative file and shall be updated based on the results of further assessments. Such assessments may include further DSTP results as well as local assessments, classroom observations or inventories. For students with an Individualized Education Program (IEP), the IEP shall serve as the Individual Improvement Plan (IIP).

4.3 The Individual Improvement Plan shall at a minimum identify a specific course of study for the student that the school will provide and the academic improvement activities that the student shall undertake to help the student progress towards meeting the standards. Academic improvement activities may include mandatory participation in summer school, extra instruction and/or mentoring programs.

Invalidations may occur as a result of either: intentional student conduct, including but not limited to cheating and disruptive behavior; or unforeseen and uncontrollable events, including but not limited to onset of illness.

9.1.1 Reporting of situations that occur during testing.

9.1.1.1 The school building principal or designee shall notify the District Test Coordinator in writing within 24 hours of events or situations that the principal reasonably believes may result in an invalid score report for a student(s).

9.1.1.2.1 The District Test Coordinator shall submit a DSTP Incident Report Form within three business days of the events. Written reports from the building principal or designee and any staff must be included with the DSTP Incident Report Form.

9.1.2 Consequences of invalidations.

9.1.2.1 Whenever the Director of Assessment for the Department of Education determines that a student's assessment test score is invalid as a result of an intentional act of the student, the student will be assigned a performance level 1 (well below standard) for that assessment and will be subject to such consequences as may otherwise be imposed pursuant to law for students who score at performance level 1 of the assessment; the assessment test score of any such student shall be reported and counted in the test scores of the student's school for all purposes, including school and district accountability.

9.2 Special Exemptions for students in grades 3, 5, 8, and 10 for reading, writing and mathematics and grades 4, 6, 8 and 11 for science and social studies: A special exemption may be available when a student's short-term, physical or mental condition prevents the student from participating in the DSTP assessments even with accommodations, or when an emergency arising before the start of the test prevents the student's participation.

9.2.1 Special exemptions for students who are tested according to the Department of Education's Guidelines for Inclusion of Students with Disabilities and Students with Limited English Proficiency are also available as provided in the Guidelines.

9.2.2 Requests for special exemptions based on physical or mental condition.

Requests for exemptions on these grounds shall be accompanied by a signed statement from the student's treating physician which; describes the nature of the terminal condition or extraordinary treatment; confirms that the terminal condition or the extraordinary treatment arose more than 60 calendar days before the test administration for which the exemption is requested and has substantially prevented the student from accessing educational services since its inception; and confirms that the condition or treatment is expected to be resolved or completed within 12 months of the test administration.

9.2.2.2 The District Test Coordinator shall submit a completed Request for Special Exemption Form to the Director of Assessment for the Department of Education at least 60 calendar days before the first day of testing. A copy of the physician's statement required in the preceding subsection will accompany the request.

9.2.3.3.1 The District Test Coordinator shall submit a completed DSTP Request for Special Exemption Form to the Director of Assessment for the Department of Education within 7 calendar days of the last day for make up testing. Requests for exemptions on these grounds shall be accompanied by a signed statement from the student's treating physician which describes the nature of the situation.

9.2.3.3.2 The Director of Assessment shall convene a review committee of not less than three Department of Education staff to review requests for special exemptions due to an emergency. The Director shall submit a recommendation on each request to the Associate Secretary for Assessment and Accountability.

9.2.4 Consequences of Special Exemptions.

9.2.4.1 Any special exemption granted by the Department of Education is limited to the testing period for which it was requested and does not carry forward to future test administrations.

9.2.4.3 Students who are granted a special exemption shall not be subject to any of the student testing consequences for students in grades 3, 5, or 8 for the testing period to which the exemption applies.
