3300 Non-Tidal Finfish

3301 Definitions

3304 Creel Limits, Size Limits and Seasons

1. TITLE OF THE REGULATIONS:

7 DE Admin. Code 3300 Non-Tidal Finfish - 3301 Definitions and 3304 Creel Limits, Size Limits and Seasons.

2. BRIEF SYNOPSIS OF THE SUBJECT, SUBSTANCE AND ISSUES:

The Department proposes to adjust the start time for the opening day of freshwater trout season on designated trout streams. Opening day of the freshwater trout season is an event that draws large crowds of anglers to New Castle County's designated trout streams. Opening day of trout seasons often have a specified start time to help manage angler competition for fishing locations, but the current 7:30 a.m. opening day start time serves no current resource management purpose, is not meaningful for managing angler competition for fishing locations and unnecessarily limits angler access and participation. At the suggestion of a member of the public, Delaware's Advisory Council on Wildlife and Freshwater Fish recommended that the start time of Delaware's opening freshwater trout season be changed from 7:30 a.m. to 7 a.m., which is consistent with the 7:00 a.m. opening day start time established for designated trout ponds in Kent and Sussex Counties and provides expanded angler opportunity and participation. Angling hours for the remainder of the trout season (one-half hour before sunrise to one-half hour after sunset) are not affected by this action.

The Department also proposes two technical corrections to the Non-Tidal Finfish regulations. The Department proposes to clarify the definition for that portion of Pike Creek that is designated as a trout stream to reflect contemporary landmark and roadway naming. The Department also proposes to clarify that the upper bound of the smallmouth bass protected slot limit includes those fish measuring 17 inches in total length.

3. POSSIBLE TERMS OF THE AGENCY ACTION:

Not applicable.

4. STATUTORY BASIS OR LEGAL AUTHORITY TO ACT:

7 Del.C. §103 (a & b)

5. OTHER REGULATIONS THAT MAY BE AFFECTED BY THE PROPOSAL:

Not applicable.

3311 Freshwater Fisherman Registry

All persons ages 16 and older who wish to fish in Delaware's fresh or tidal waters or both in any given year must first obtain a Fisherman Identification Network (F.I.N.) number for the year in question before fishing. This number may be obtained at no cost to the angler by calling a toll free number and providing the required information over the phone or by entering the required information on-line through an internet access portal designated by the Department for that purpose. Each person who requests a F.I.N. number is to write this number on his or her Delaware fishing license, or those who are legally unlicensed must be able to produce this number when checked by an enforcement agent when fishing in Delaware waters. Failure to provide a valid F.I.N. number for the year in question is a violation of 7 **Del.C.** §501 in the case of residents, or 7 **Del.C.** §506 in the case of non-residents, and will be treated the same as a failure to have a fishing license before going fishing. Information provided during the process of obtaining a F.I.N. number shall be treated as confidential and may only be shared with the National Marine Fisheries Service for the purpose of compliance with federal requirements for a national registry of marine fishermen.
