Child Care Subsidy Program Definitions and Explanation of Terms

NATURE OF THE PROCEEDINGS:

Delaware Health and Social Services ("Department") / Division of Social Services initiated proceedings to amend the Division of Social Services Manual (DSSM) regarding the Child Care Subsidy Program, specifically, *Definitions and Explanation of Terms*. The Department's proceedings to amend its regulations were initiated pursuant to 29 **Delaware Code** Section 10114 and its authority as prescribed by 31 **Delaware Code** Section 512.

The Department published its notice of proposed regulation changes pursuant to 29 **Delaware Code** Section 10115 in the May 2012 *Delaware Register of Regulations*, requiring written materials and suggestions from the public concerning the proposed regulations to be produced May 31, 2012 at which time the Department would receive information, factual evidence and public comment to the said proposed changes to the regulations.

SUMMARY OF PROPOSAL

The proposal described below amends policies in the Division of Social Services Manual (DSSM) regarding the Child Care Subsidy Program, specifically, *Definitions and Explanation of Terms*.

Statutory Authority

45 CFR Part 98, *Child Care and Development Fund*

Background

The Child Care and Development Fund (CCDF) program is authorized by the Child Care and Development Block Grant Act and Section 418 of the Social Security Act and assists low-income families in obtaining child care so that they can work or attend training and/or education activities. The program also improves the quality of child care and promotes coordination among early childhood development and afterschool programs.

Every two years, states and territories receiving CCDF funds must prepare and submit to the federal government a CCDF state plan detailing how these funds will be allocated and expended (45 CFR Part 98).

Summary of Proposed Changes

Federal regulation at 45 CFR §98.44 provides that states must give priority for child care services to children from very low income families. States have the flexibility to define "children in families with very low income".

As a result of recent federal guidance, **DSSM 11002.9**, *Definition and Explanation of Terms*, is amended to add a definition of "children from low income families" as required by the Administration of Children and Families (ACF). During preparation of Delaware's Child Care and Development Fund State Plan for 2012 - 2013, ACF required the definition be placed in the State's policy manual.

DSSM 11002.9 is also being reformatted to alphabetize the definitions for clarity and ease of readability.

SUMMARY OF COMMENTS RECEIVED WITH AGENCY RESPONSE AND EXPLANATION OF CHANGE(S)

The Governor's Advisory Council for Exceptional Citizens (GACEC) and the State Council for Persons with Disabilities (SCPD) offered the following observations and recommendations summarized below. The Division of Social Services (DSS) has considered each comment and responds as follows.

The Summary of Proposed Changes section recites that the rationale for the amendments is twofold: 1) federal prompting to add a definition of "children in families with very low income"; and 2) the desire to reformat and alphabetize the existing list of definitions. The proposed regulation was published as 15 DE Reg. 1551 in the May 1, 2012 issue of the *Register of Regulations*. We have the following observations and recommendations.

First, the new definition of "children from low income families" is acceptable. It adopts a "200% of the Federal Poverty Limit" standard which mirrors the existing standard reflected in the definition of "income limit".

Agency Response: DSS acknowledges your concurrence.

Second, in the definition of "Child", we recommend the following amendment: "...or are in need of protective services."

Agency Response: DSS agrees. The proposed amendment is indicated by bold, bracketed type.

Third, in the definition of "Child Care Category, 41", amend the example to read as follows: "(Example: One child is a citizen and one is not. The citizen child is a 41)." This would then be identical to the superseded version. At 1553.

Agency Response: DSS agrees. The proposed amendment is indicated by bold, bracketed type.

Fourth, in the definition of "Child Care Certificate", second sentence, substitute "parents who wish" for "a parent who wishes" since the following pronoun ("their") is plural.

Agency Response: DSS agrees. The proposed amendment is indicated by bold, bracketed type.

Fifth, in the definition of "Educational Program", the semicolons are omitted and the word "or" is omitted after Par. "4". Compare the current definition. At 1553-1554.

Agency Response: DSS agrees. The proposed amendment is indicated by bold, bracketed type.

Sixth, in the definition of "Physical or Mental Incapacity", DSS deleted the term "dysfunctional". Compare the existing definition. At 1555. This conforms to Title 29 **Del.C.** §608 and merits endorsement.

Agency Response: DSS apologizes. The term "dysfunctional" was inadvertently omitted and has been reinstated. The Councils endorse the proposed regulation subject to adopting the above technical corrections.

Agency Response: DSS thanks the Councils for their endorsement.

FINDINGS OF FACT:

The Department finds that the proposed changes as set forth in the May 2012 *Register of Regulations* should be adopted.

THEREFORE, IT IS ORDERED, that the proposed regulation to amend the Division of Social Services Manual (DSSM) regarding the Child Care Subsidy Program, specifically, *Definitions and Explanation of Terms* is adopted and shall be final effective July 10, 2012.
